## About Me

Since 2010 my career has been in financial services particularly banks. Although it has been a fun experience dealing with regulation and money, the excitement does not compare to the first time I ran "console.log('Hello World')" in .js file in 2018. Programming has given me a new way of looking at life. Having the ability to make a web application from scratch confirms that many things are possible.

## Coding Experience

### Trade Ninja

#### Web Application

Simple online stock trading simulator using Alpha Vantage's API.

[App](#) : [Github](#)

### OfficeMate

#### Web Application

A survey to determine which character from the hit tv show The Office you match up with.

[App](#) : [Github](#)

### Giftastic

#### Web Application

Search for your favorite TV shows using Giphy.com's API.

[App](#) : [Github](#)

### Bird Box

#### Web Application

Take a few simple inputs to help you find your ideal place to live.

[App](#): [Github](#)

### Wrestlemania RPG

#### Web Application

Choose between eight classic WWF fighters to rumble with in this 90s themed RPG.

[App](#) : [Github](#)
